

Preparing IECMH Competency Based Learning

6 Core Elements – The Instructor will:

Prepared, Responsive, Ready

Prepare to align the learning with IECMH-E competencies tailored to meet specific learner needs

Relationship-Focused

Communicate and model relationships that promote healthy development, safety, and long-term wellness

Diversity, Equity, and Inclusion

Consider intersections between identities of self and learners and integrate DEI into material and process of training

Adult Learning

Ensure that content is delivered in a way that best meets adult learners' needs and encourages self-reflection

Multiple Lenses & Perspectives

Consider the wide array of theory, practice, and identities influencing the IECMH learning experience

Reflection

Value protected time and space, model a reflective stance, and integrate reflection into learning opportunities
